Application is hereby made for a Permit to construct, erect, alter or move a building, structure or land improvement as required under the Zoning Ordinance of the County of Woodford. In making this application, the applicant represents all the preceding statements and any attached plans, drawings and specifications as a true and complete description of the proposed new or altered use of buildings and/or structures. The applicant agrees that the permit applied for, if granted, is issued on the representations made herein and that any permit issued may be suspended or revoked on any breach of representations or conditions or on any unauthorized changes in plans and/or specifications. It is understood that any permit issued on this application will not grant any right or privilege to erect, alter or move any building, structure or land improvement or to use any premises for any purpose or in any manner prohibited by the Zoning Ordinance or by any other ordinances, codes or regulations of the County of Woodford, nor will such permit grant any right to violate any other laws or to violate any easement, covenant or other private agreement. It is further understood that unless construction is substantially under way within 90 days, the construction permit shall become null and void without notice. It is also understood that an Occupancy Permit must be issued before occupancy or use of the building, structure or land improvement. The applicant agrees to notify the Zoning Department at the stages of construction stated on the construction permit, if granted, and the applicant further agrees to allow authorized employees of the Zoning Department to enter upon the premises for the purpose of making inspections at reasonable times during the period of construction and before issuance of an Occupancy Permit.
